Girls ECNL F.A.Q.'S

WHAT IS ALABAMA FC?

Alabama FC is a collaboration of leading youth soccer clubs within the region, managed by Birmingham United, who aim to provide elite competition opportunities through the ECNL platform and other development opportunities.

WHAT IS THE GIRLS ECNL?

The Girls Elite Clubs National League (Girls ECNL) was founded to improve the daily environment for girls youth soccer players through a collaborative club-based development program featuring competition, player identification, and coaching and club development platforms. The Girls ECNL will include both regular season conference games and cross-conference events, and qualifying teams from the Girls ECNL will advance to the post-season Elite National Premier League (ENPL) Playoffs.

The Girls ECNL is based on the values of grass-roots collaboration and innovation, and supports the independence and freedom of coaches and clubs to fully manage the development path for their players, including the system and style of play, the competitive calendar, and all aspects of the development path. The Girls ECNL will raise standards in training, competition, club organization, and coaching in a holistic development program.

Girls ECNL begins at 13 and Under age groups and continues through the 19 and Under age groups.
